Week No. - 01

Name: Anushka Anand

Enrolment No: 211B059

Period: 01.06.24 (Saturday) to 07.06.24 (Friday)

Work done during Week (in detail) : I was introduced to my mentor, Mr. Himanshu Duggal. We discussed about the project and created high level project execution plan. I studied specific LayoutLM. Post completing my basic understanding, I was explained about its operating procedure via cmd prompt and online for information extraction. I had to setup environment required for development of the project. The setup was not straight forward as there were multiple dependencies that were required before the actual model could be deployed. With necessary guidance, I was able to complete the setup of the environment.
